

A Surfing Paradise

MENTAWAI

7, 9, and 10-Night Trips

THE MENTAWAI ISLANDS

Set in the Indian Ocean, the Mentawai Islands are regarded as one of the world's most exceptional surf destinations.

Positioned directly in the path of powerful Southern Ocean swells, the islands offer an unmatched concentration of high-quality reef and point breaks, delivering consistent, world-class waves season after season.

The variety of breaks allows for different surfing experiences, from clean, playful waves to more powerful, hollow sections, making the region suitable for confident intermediates as well as experienced surfers.

Warm water and reliable swell windows create ideal conditions for long days in the water, guided by tides and daily conditions rather than fixed schedules.

Beyond the surf, the Mentawais remain remarkably unspoiled. Dense rainforests, palm-lined shores, and the presence of indigenous Mentawai communities shape a sense of remoteness and authenticity — grounding each journey in a place where surf, nature, and culture come together naturally.
